Re: Executive Compensation Letter of Attestation

Dear Mr. Doney,

This letter is to attest that all PSEC requirements for Compensation Disclosure for Executives for the British Columbia Innovation Council (BCIC) have been met. The BCIC Board is aware of the executive compensation paid in the prior fiscal year and have verified that compensation provided was within approved compensation plan.

Please find enclosed a Statement of Executive Compensation for the year ended March 31, 2014, which provides an explanation of BCIC's compensation philosophy.

Yours sincerely,

Compensation Discussion and Analysis

About BCIC

The BC Innovation Council (BCIC) encourages the development and application of advanced or innovative technologies to meet the needs of industry in BC. We accelerate technology commercialization by supporting startups and developing entrepreneurs. With our partners, BCIC delivers programs and initiatives that promote company growth - resulting in jobs, increased revenue and economic development in BC.

BCIC is a Crown Agency of the Province of British Columbia.

Compensation Philosophy

BCIC believes in remunerating its staff comparable to what is offered by similar organizations. To remain competitive, and in order to retain and attract the best talent, BCIC has implemented a compensation plan to rationalize the compensation levels of current staff and standardize compensation for future placements.

In order to identify the relevant benchmarks in terms of base salary, incentives, benefits and perquisites appropriate for our compensation plan, BCIC directly surveyed similar crown corporations, technology industry and core government agencies, and data was gathered from organizations that were considered most similar across various factors including size, breadth/type of mandate, subject matter and budget.

Currently, there is no incentive-based compensation linking employee performance to achievement of both corporate and individual goals and deliverables integrated in our compensation plan.

Executive Compensation and Benefits

The Board and its Human Resources and Compensation Committee determine the executive compensation within the guidelines provided by PSEC, and they play leadership roles in the development of the total compensation philosophy for the executive team.

- The Board approves the CEO compensation package including base salary and benefits, which is subject to the approval of PSEC.
- Executive compensation is reviewed on a regular basis. Executive compensation is based on the ranges outlined in the compensation plan that has been approved by PSEC.
- BCIC's executives participate in the BC Pension Plan – Public Service, which is administered by BC Pension Corporation.
- Vacation provisions are aligned with BC Public Service for excluded employees.
- All BCIC's executives are offered a competitive range of standard public sector benefits entitlements such as Medical Service Plan (MSP), extended health & dental, group life insurance and short and long term disability insurances.
